PAIGE PLUS **LED** CABLE

premium

P

designed specifically for **LED** channel letter applications

The Pluses of **Paige**[®] Premium LED Cable

PAIGE PLUS LED CABLE

It's an all inclusive channel letter wiring method whose built in bonding wire ensures NEC Code compliance

Plus It costs less in total material costs

Plus It costs less in shop labor

Plus It costs less in field installation

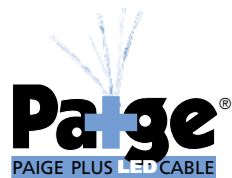

Plus It meets all the  requirements for electrical signage

Plus It meets 720 hour sunlight resistant requirement of UL

Plus It strips easily and cleanly

Plus It's sequentially surface printed to show the exact footage used and remaining

Plus It's delivered in the **Paige**  pac – the 100% recyclable carton that out performs a reel

premium – We've Turned The Paige on LED Cable Design
